July

Scientific Ocean Drilling & Land-to-Sea Proposals

Proposal guidelines available for:

EXPEDITIONS

Expanded Mission-Specific Platform Concept

- Flexible expedition duration
- Increased size of Expedition Science Teams
- Three routes to Science Team membership
- No requirement to go to sea

SPARCs

Scientific Projects using Ocean Drilling Archives

- IODP³'s legacy asset initiative
- Successful proposals receive **€300,000 funding**
- International calls for SPARC participation
- Open to scientists from non-IODP³ nations
